Attention: To whom it may concern

Reference: Green Lane Farm Bridge over the Yellow Breeches Creek
Cumberland & York County
PennDOT ECMS No. 18436
Bridge Rehabilitation Construction

Subject: Start of Construction Notification – Closure of Green Lane Farm Bridge & Traffic Detour

Dear Sir or Ma'am,

Kinsley Construction will be performing the Green Lane Farm Bridge Structural Steel Repairs for Cumberland County. We would like to provide you with a notification for the start of construction which requires the bridge to be closed to traffic for the project duration. The contract provides a detour route to be implemented while the bridge is temporarily closed for construction.

We are currently scheduled to close the Green Lane Farm Bridge and install the detour signage the morning of Monday April 3rd, 2017. Following the Structural Steel Repairs, the bridge will remain closed for the steel truss bridge to be painted by another contractor. It is anticipated that the bridge will be closed and the detour will be in effect until Mid-October 2017. Detour signage will be in place for the general public to follow. Attached for your reference is the detour map.

We will provide advanced notices for any changes that may be implemented for the duration of the project. On Monday 3/20, we will place "This Bridge to be closed for Construction 4/3/2017" notification signs at each approach of the Green Lane Farm Bridge.

Thank you and should you require any additional information regarding this matter, please contact me at your convenience at (717) 919-8120 or by email at rdill@rkinsley.com.

Very Respectfully,
Kinsley Construction, Inc.
