

IN THE MATTER OF : **BEFORE THE FAIRVIEW TOWNSHIP**
THE APPLICATION OF : **ZONING HEARING BOARD**
AG-HS FAIRVIEW 621 PROPERTY : **YORK COUNTY, PENNSYLVANIA**
OWNER, L.L.C. : **DOCKET NO. 2019-07**

DECISION GRANTING VARIANCES TO SECTIONS 300-21(G)
OF THE FAIRVIEW TOWNSHIP ZONING ORDINANCE

The Applicant applied for a dimensional variance to Section 300-21(G) of the Fairview Township Zoning Ordinance for the property in the Industrial Business (IB) Zoning District at 621 Lowther Road, Lewisberry, PA 17339. A hearing on the application was held on October 17, 2019, at 6:30 p.m. at the Fairview Township Municipal Building, 599 Lewisberry Road, New Cumberland, PA 17070.

FINDINGS OF FACT

1. This hearing application was filed by AG-HS Portfolio Subsidiary, L.L.C, c/o High Street Realty Company, LLC, 1S450 Summit Avenue, Suite 250, Oakbrook, IL 60181. At the time of the application, the existing owners of the property at 621 Lowther Road were Fairview Industrial – NDI, LLC and Fairview Industrial – BD, LLC, both with an address of c/o Real Estate Capital Solutions, Inc., 371 Centennial Parkway, Suite 200, Louisville, CO 80027. However, as of the date of the hearing, the property had been purchased by and was owned by AG-HS Fairview 621 Property Owner, L.L.C., a Delaware limited liability company, by deed recorded October 15, 2019, and filed in the Office of the Recorder of Deeds of York County, Pennsylvania at Instrument No. 2019045630. At the hearing, the Board granted the request of the Applicant to amend the application to reflect the current ownership so that this Decision would be in the name of the current legal owner, AG-HS Fairview 621 Property Owner, L.L.C.,

High Street Realty Company, LLC, 1S450 Summit Avenue, Suite 250, Oakbrook Terrace, IL 60181.

2. Notice of the hearing was properly advertised; the property was properly posted; and all neighboring property owners required to be notified of the hearing were notified in accordance with the Township Ordinance and the Pennsylvania Municipalities Planning Code.

3. The Applicant was represented by David J. Tshudy, Esquire, of *Pepper Hamilton, LLP*, 100 Market Street, Suite 200, P.O. Box 1181, Harrisburg, PA 17108. Testifying on behalf of Applicant was James Redland, *High Street Realty Company, LLC*, 1S450 Summit Avenue, Suite 250, Oakbrook Terrace, IL 60181. He testified to the survey and subdivision plan documents for the property which were entered as Applicant's Exhibits A-1 through A-5.

4. The Applicant is requesting a dimensional variance to 300-21(G) of the Zoning Ordinance which establishes building setback distances in the Industrial Business Zoning District, to allow for an existing one-story block structure which encroaches into the 25-foot side setback.

5. The existing block structure, 41' x 49', is approximately 1,913 square feet in area and does not comply with the side yard setback requirements of the Ordinance, encroaching approximately twenty (20') feet into the 25-foot required setback.

6. The Final Subdivision Plan for Fairview Industrial – NDI, LLC and Fairview Industrial – BD, LLC, recorded in the Office of the Recorder of Deeds of York County at Instrument No. 2019038790, notes that the existing block structure has “nonconforming, setbacks”. See Applicant's Exhibit A-2, Page 3. This Final Subdivision Plan was approved by the Board of Supervisors of Fairview Township on July 29, 2019.

7. Neither the Applicant nor the Township could identify documentation establishing when the block structure was constructed, or if any permits were issued for the construction. Also, the Township has no registration of the structure as a non-conformity¹. Consequently, this structure does not meet the definition of “lawfully” existing and, in order to remain in place, relief under the Ordinance is required.

8. The area of encroachment of this building into the setback area of this lot is about 7% of the total setback area along that side of this parcel. There were no concerns raised or evident with respect to the use of the adjoining property at the point of this encroachment. Under the circumstances, the dimensional variance requested is a *de minimus* variance.

CONCLUSIONS

1. The Applicant has the burden of establishing its entitlement to this dimensional variance.

2. On the basis of the testimony and documentary evidence presented, the Board concludes that the Applicant established that it would cause an unreasonable and unnecessary hardship in the use of this property if the literal requirements of the Ordinances were imposed. Therefore, the Fairview Township Zoning Hearing Board should grant the requested *de minimus* dimensional variance from the requirements of Section 300-21(G) of the Zoning Ordinance to allow the existing one-story block structure which currently encroaches twenty (20’) feet into the 25-foot side setback to remain in place.

¹ Under the Pennsylvania Municipalities Planning Code, and the Fairview Township Zoning Ordinance, in order to meet the definition of, and have the rights of, a nonconforming structure, the structure must have ‘lawfully’ existed prior to the application of the ordinance or amendment to which it now does not conform; or have been constructed pursuant to a permit for its characteristics and/or location.

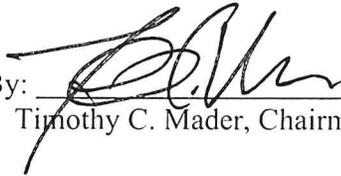

DECISION

On the basis of the foregoing findings and conclusions and on the basis of all the testimony and evidence presented to the Board at the hearing, the request for the dimensional variance is granted to allow the existing one-story block structure which currently encroaches twenty (20') feet into the 25-foot side setback to remain in place.

The Application was approved as stated upon the motion of Mr. Bashore, seconded by Mr. Perry and adopted 3-0 by the Board Members present and voting.

The Fairview Township Zoning Hearing Board will hold a Public Hearing on Thursday, **October 17, 2019**, at 6:30 p.m., at the Fairview Township Municipal Building, 599 Lewisberry Road, New Cumberland, PA 17070, to discuss the following:

Docket No. 2019-07: AG-HS Portfolio Subsidiary, L.L.C, C/O High Street Realty Company, LLC, 1S450 Summit Ave., Suite 250, Oakbrook, IL 60181. The Applicant, an equitable owner, is requesting a variance to the Fairview Township Zoning Ordinance, §300-21.G – Area and Design Requirements – Industrial Business Zoning District. The Applicant is requesting a variance to allow for a structure that currently encroaches into the required 25-foot side setback. The property is located at 621 Lowther Road, Lewisberry, PA 17339, and is in the Industrial Business District.

**ATTACHED NARRATIVE TO ZONING HEARING BOARD APPLICATION
621 LOWTHER ROAD**

By virtue of an Agreement of Purchase and Sale dated May 13, 2019, with Fairview Industrial – NDI, LLC and Fairview Industrial – BD, LLC (collectively, the “Owner”), AG-HS Portfolio Subsidiary, L.L.C. (“Applicant”) is the equitable owner of the parcel of real property located at 621 Lowther Road, Fairview Township, York County, Pennsylvania (the “Property”).

The Property is located in the IB – Industrial Business District on the Fairview Township Zoning Map and is improved with (1) a one-story masonry building measuring 16,683 square feet, (2) a one-story metal shed measuring 768 square feet, and (3) a one-story block structure measuring 1,913 square feet. A portion of the third structure (the “Block Structure”) encroaches into the 25-foot side setback required under §300-21.G (Table 5-9) of the Fairview Township Zoning Ordinance (the “Zoning Ordinance”). Based on observation, the Block Structure appears to have been constructed over a decade ago and is used in conjunction with the other buildings on the Property. Applicant is requesting a dimensional variance to allow for the Block Structure to remain.

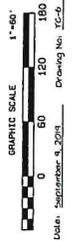

Despite reasonable efforts (including requests to the Township under Pennsylvania’s Right to Know Law), neither Applicant nor the Owner could determine conclusively when the Block Structure was erected and what, if any, permits were issued for the construction of the Block Structure. Consequently, neither Applicant nor the Owner have sufficient facts to support a finding that the Block Structure is a legal nonconformity under §300-77 of the Zoning Ordinance. Moreover, the Township has no registration of the Property or Block Structure as legal nonconformities under §300-78 of the Zoning Ordinance.

On July 29, 2019, the Fairview Township Board of Supervisors approved a subdivision plan with the Block Structure identified as “nonconforming.” A copy of the approved subdivision plan together with an ALTA survey of the Property are attached hereto.

Applicant is entitled to the requested dimensional variance under the criteria in §300-99.E(4) of the Zoning Ordinance and §910.2 of the Pennsylvania Municipalities Planning Code, 53 P.S. §10910.2(a). Alternatively, Applicant is entitled to the requested variance as a de minimis variance, as the dimensional variance is minor and rigid compliance with the Zoning Ordinance’s setback requirements is not necessary to protect public concerns, or under the theory of variance by estoppel, as it is assumed that the Block Structure was initially constructed pursuant to a facially valid building permit and the Township has acquiesced in its existence.

Applicant will present testimony and evidence to support its position at the hearing on this matter.
