Yard Waste & Electronics
Recycling Center
Spring/Summer Hours
Mon. - Sat. 8 am - 4:30 pm
(Closed Sun. & Holidays)

YARD WASTE FACILITY GUIDELINES FOR USE

285 Spanglers Mill Road
New Cumberland, PA 17070

THE YARD WASTE AND ELECTRONICS RECYCLE CENTER ARE FOR RESIDENTIAL USE ONLY - NO CONTRACTORS/BUSINESSES PERMITTED!

If a contractor can provide proof that he/she is currently doing work for a Fairview Township Resident, they will be permitted to dispose of yard waste at the facility.

DISPOSAL AT FACILITY

- You must be a Township Resident
- Township employees do not load or unload material(s)
- You must present a valid driver's license or other valid ID with your name and address
- A township employee will tell you if your yard waste is acceptable and may be unloaded.
- Dumping yard waste when facility is closed IS NOT PERMITTED.

ITEMS ACCEPTED

- Tree limbs 6" in diameter, 40 lbs.
- Brush up to 4' in length
- Plants and Flowers
- Shrubbery and Pruning's
- Christmas tree's
(NO tinsel/lights/ornaments)

ITEMS NOT ACCEPTED

- Soil or Sod
- Grass clippings
- Limbs over 6" diameter
- Tree Stumps
- Food waste
- Bamboo
- Construction debris
(NO bricks, stone, concrete)

PREPARATION FOR ACCEPTED ITEMS

Cut limbs/branches to 4-foot lengths. Place all acceptable yard waste in containers or bundle trimmings with rope, string or twine (no plastic or wire). Tied bundles are to be no more than 40 pounds and no longer than four (4) foot in length.

Note: Tree limbs 6" to 10" in diameter and cut in 6' lengths will be accepted ONLY if the resident takes to the facility during hours of operation.

Directions: From I-83, take exit 39A, turn left onto Lewisberry Road, in approximately 2 miles turn right onto Spanglers Mill Road, facility will be on your left.

REPORTING STREET LIGHT OUTAGES

The Township receives many calls from residents wanting to report a streetlight that has burned out. Streetlights are both installed and maintained by the electric company in your area therefore, any outages should be reported directly to them. Be prepared to give a street address where the light is located. It is also helpful to them if you can provide the pole number, which is posted on each streetlight.

PPL customers, call 1-800-342-5775, press 1, then press 4.

MetEd customers, call 1-800-544-4877.

TUESDAY, MAY 20

POLLS OPEN

7:00 AM TO 8:00 PM

Contact York County Elections Office at (717) 771-9604 if you have any questions concerning elections or polling places.

Reminder to all York County residents to renew and/or purchase your 2025 Dog license. A dog license can be purchased online, by mail or in person at the Treasurer's Office, located at the York County Administrative Center, 28 E. Market St., York or a satellite sub-agent. More information can be found on the treasurer's website at

<http://yorkcountypa.gov/county-administration/row-officers/treasurer/dog-licenses.html>

IF YOU ARE APPROACHED AT YOUR DOOR BY A SOLICITOR:

Residents should ask to see the solicitor's copy of their signed Township solicitation permit. If the solicitor is unable to provide this, please remind them that a permit is required when soliciting in Fairview Township. If at any time you feel uncomfortable or threatened, please contact the Police Department at (717) 901-5267. It is helpful to give them the name of the organization, time of day/evening and a description of their vehicle, if possible.

Pennsylvania Urban Nutrient Management - Spring Greening

Spring to Life.

As the snow slowly melts away, the birds begin to sing and fresh life bursts from the soil heralding the approach of Spring and the lawn maintenance season. For the 1 million-plus acres of home lawns in Pennsylvania, selecting and implementing an appropriate lawncare management program to promote healthy and aesthetically pleasing lawns is not only important to homeowners, but is also essential to protecting our waterways.

Know What's Best. Soil Test.

The first step to understanding what your lawn really needs to be lush, following soil test recommendations, reading fertilizer label instructions, and using a properly calibrated spreader will ensure the right amount of nitrogen, phosphorus, and potassium are applied, while reducing nutrient loss and fertilizer cost. Soil Health. It's the bottom line. Maintaining a happy, healthy soil is imperative to your lawn's success. Soil is the foundation for your lawn and is home to a multitude of microorganisms that are essential for plant growth. Take the time to support your soil by incorporating some simple practices into your lawn care program. Your lawn and wallet will thank you.

Keep it open.

Routine soil aeration can help reduce soil compaction. Good soil structure is essential for proper root growth, healthy microbe communities, and the movement and exchange of water, air, and nutrients.

Raise it up.

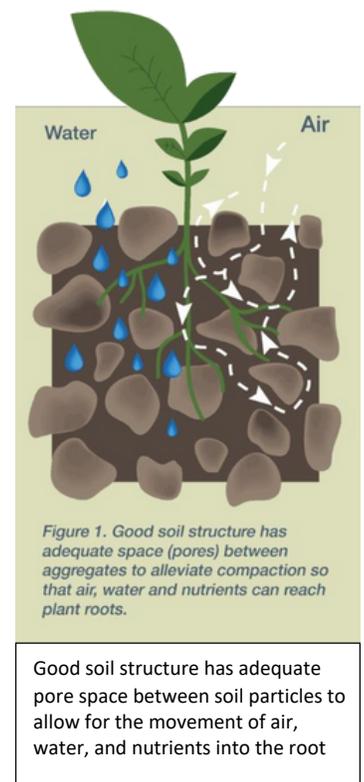

Maintain a taller lawn by only cutting 1/3 of the grass blade with each mowing. Taller lawns slow runoff and promote deeper roots, which reduces lawn stress and improves soil structure.

Put it back.

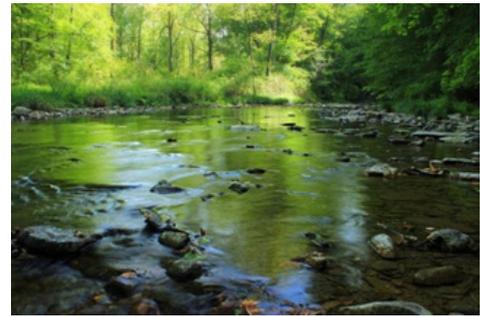

Return nutrients and organic matter back to the soil by mulching your leaves and grass clippings. For more soil management strategies, contact your local county conservation district or Penn State Extension office.

Green Lawns – Clean Streams.

Pennsylvania's 2022 Fertilizer Law amendments were developed to protect Pennsylvania waterways and the waterways downstream. As a bonus, following the limitations in the law will boost your bottom line by ensuring that your investment doesn't wash away. The 2022 law established the following nitrogen and phosphorus limits for turf fertilizer applications.

- Nitrogen is limited to 0.9 pounds of total nitrogen and 0.7 pounds of available nitrogen per 1000 ft² per application.
- No phosphorus can be applied unless establishing or repairing turf.
- Nitrogen and phosphorus rates can be adjusted based on soil test recommendations and/or if using an enhanced-efficiency fertilizer.

In addition to the nutrient limitations, the law also established application parameters to prevent direct movement of fertilizer nutrients into our streams:

- Do not apply fertilizer if a heavy rain event is expected.
- Keep fertilizer away from drainage ditches, storm drains, or water.
 - o Maintain a 15-foot buffer from the banks of all waterways.
- Remove fertilizer that lands on impervious surfaces (driveways, sidewalks, roads, parking lots).

Working Together for Clean Water

With ever growing acres of managed turf in Pennsylvania, controlling what goes into PA waterways is ALL of our responsibility. Help protect Pennsylvania's waterways by being wise when you fertilize!

For more information on the Pennsylvania Fertilizer Law, visit the Department of Agriculture's website at agriculture.pa.gov/fertilizer or contact Denise Uzupis at duzupis@pa.gov.

DO NOT BLOW GRASS INTO THE ROAD

When mowing your lawn, keep in mind it is illegal to blow the clippings onto the street. You are required to remove them from the street when finished. Section 252-35, B of the Fairview Township Stormwater Management Ordinance states:

"No person shall allow or cause to allow, discharges into the MS4 (Municipal Separate Storm Sewer System) or discharges into waters of the Commonwealth, which are not composed entirely of stormwater."

Grass clippings left in the street are washed away by stormwater and deposited in the stormwater system causing storm drains to clog, back up and flood. The grass also releases nitrogen into the stormwater system and ends up in our local waterways.

Equally important is the impact this has to the environment and the unsafe conditions it can cause the traveling public, especially motorcyclists and bicyclists.

Please note that the Fairview Township Yard Waste Recycling Facility DOES NOT accept grass clippings!

The best option is to mulch the clippings when you mow rather than gathering the clippings. For more information about how you can do your part to be stormwater smart, please visit the Fairview Township website or call (717) 901-5298.

Mowing & Fertilizing

FERTILIZE YOUR LAWN THE EASY WAY

Grass clippings contain nitrogen and phosphorus and will fertilize your lawn for free. Save yourself the time and hassle of removing your clippings and let them go to work for your lawn.

- Mow to a height of 2 ½ to 3 inches.
- Mow only when grass is dry.

If you think your lawn may need additional fertilizer, test your soil first. Contact PSU Extension to order a cheap and easy soil test kit. (York Co.: 717-840-7408).

HEALTHIER LAWNS AND GARDENS. FEWER PESTICIDES.

- Grow native plants that are adapted to our climate and pests
- Spread mulch thinly at the base of trees to prevent mower damage.
- Water your lawn deeply, but only every several days. Mow to 2 ½ to 3".
- Rotate your garden crops, just as farmers do.
- If you find a pest damaging one of your plants, know what it is, what it does, and the best methods for treatment before taking action. PSU Extension (extension.psu.edu/pests) is a great place to start learning.
- When weeds sprout hand dig or spot treat them with herbicides.
- If pesticides are needed, use insecticidal soaps or "Bt."

CODES ADMINISTRATION OFFICE

FAIRVIEW TOWNSHIP ZONING PERMIT APPLICATION

Pursuant to the Fairview Township Zoning Ordinance, the applicant must furnish adequate information to substantiate compliance with all zoning regulations. Please attach a plot plan, floor plans, specifications or other data necessary to describe the proposed use. Applicant should obtain and become familiar with all relevant zoning regulations that are applicable to the proposed project. Regulations can be found on the website at WWW.TWP.FAIRVIEW.PA.US

SECTION I PROPERTY INFORMATION

PROPERTY OWNER: _____ PHONE: _____
 OWNERS ADDRESS: _____ EMAIL: _____
 PROPERTY ADDRESS (if different): _____
 APPLICANT NAME (if different than owner): _____

SECTION II PROPOSED ACTIVITY/WORK

Please check one of the following (more than one may apply): * Please see plot plan and instructions on back of form*

- Accessory Structure (ie: shed, garage, patio, pool, etc.) *PLOT PLAN REQUIRED*
- Addition/alterations of any building or portion thereof that changes the footprint * PLOT PLAN REQUIRED*
- Use or change in use of a building or land

The Codes Administration office is responsible for many functions within Fairview Township, including, but not limited to, the administration of Subdivision/Land Development Ordinances, enforcement of the Zoning Ordinances as well as the issuance of Building and Zoning permits within Fairview Township.

SUMMER IS COMING

Property Maintenance reminders:

- Maintain grass (Keep 8 inches or shorter)
- Maintain height of trees branches hanging over sidewalks and roadways.
- Trash Receptacles must be removed from curb within 24 hours of scheduled pick-up day.

Applications as well as additional information can be found on our website by visiting www.twp.fairview.pa.us and follow the links (Township Departments ➔ Building/Zoning ➔ Permits).

PA UCC mandates that residential reviews be conducted within a maximum of fifteen (15) business days and commercial reviews within thirty (30) business days.

Should you have questions as to whether a permit is required for the proposed work, please give the Codes office a call at 717-901-5220.

EXAMPLES OF WORK REQUIRING A ZONING PERMIT

Construction and/or installation of a fence.

Construction and/or installation of a shed, unattached carport, or unattached garage, under 400 square feet.

Construction and/or installation of a patio, including paver patio or porch with no roof or walls.

Construction and/or installation of a walkway on the property other than the sidewalk along the street.

Construction and/or installation of a deck where the deck is less than 30" high.

Widening, replacing or adding newly paved areas to an existing driveway.

EXAMPLES OF WORK REQUIRING A BUILDING PERMIT

Building an addition onto your house, including attached garages and carports.

Above ground and in ground swimming pools, even "wall-less" and portable pools! Any pool that is deeper than 24" needs a permit to put it back up every year.

Adding a roof to a patio, porch, or deck.

Construction and/or installation of a deck where the deck is more than 30" from the ground at any point.

Installation of doors and windows, if the new doors and windows are a different size.

Putting new shingles on your roof.

Plumbing, Mechanical or Electrical.

HVAC Generator

EXAMPLES OF WORK **NOT** REQUIRING ANY PERMIT

Repair to existing structures such as floorboards in a deck.

Replacing or installing siding on a house.

Replacing windows and doors with new one of the same size.

Replacing a garage door (however, replacing a manual door with an electric door will require and electrical permit).

Wallpaper, carpet, tile, paint, and interior cabinetry such as kitchen cabinets.

Should you have questions as to whether a permit is required for the purposed work, please give the Codes office a call at 717-901-5220.

- = CHRISTMAS TREE COLLECTION
- = CURBSIDE YARD WASTE COLLECTION

Observed holidays are noted in **RED**. Collection days that fall on or after the holiday will be delayed one day. EXCEPTION: If holiday falls on a Saturday or Sunday, there is no change in service prior to or after the holiday.

BASIC RESIDENTIAL GUIDELINES

- Trash, Recycling, one bulk item and yard waste (on scheduled dates) must be curb side by 6:00 AM on your scheduled collection day.
- No more than six (6) trash bags or containers will be collected per collection.
- Mobile Carts count as a total of three (3) bags or containers.
- Bags or containers must not exceed 32 gallons or 40 pounds.
- Bulk items that are too heavy to be lifted into a truck by two people will not be accepted.
- Call Penn Waste to schedule collection of appliances containing freon (air conditioners, refrigerators, freezers, etc.)
- No construction debris will be collected curb side.
- To stay up to date on collection updates, sign up for our E-News Updates at www.pennwaste.com.

For additional details visit our website www.pennwaste.com

CREATING A GREEN COMMUNITY TOGETHER.

NO PLASTIC BAGS

IN YOUR RECYCLE BIN!

Please do not bag your recyclables!
Do not place plastic bags in your recycle bin!

When you place plastic bags in your recycle bin, they can get wrapped around our sorting equipment, then Penn Waste team members at our recycle center have to climb into the machinery and cut off the plastic bags. Plastic bags should never be placed in your curbside recycling bin for this reason.

Always place your recyclables directly in your recycling container.
To recycle plastic bags, please visit www.Earth911.com for a list of drop off locations.

WHEN IN DOUBT, THROW IT OUT!

Please contact **Pennsylvania's Recycling Hotline** at 1-800-346-4242 for an electronic waste recycling outlet in your area.

ADDITIONAL RESOURCES

Visit earth911.com for additional electronics recycling resources.

The Covered Devices Recycling Act prohibits residents and businesses from placing electronic waste at the curb or in their trash.

By law, as of January 24, 2013, Penn Waste is no longer allowed to collect electronic waste. Covered devices include: desktop computers, laptops, monitors, computer peripherals (keyboard, mouse, printer, and speakers), televisions, or e-readers that browse the internet. **Because electronic waste can contain hazardous materials that are harmful to human health and the environment, it is very important that these devices are disposed of properly.** Use the resources in the right column to learn more information about how to safely recycle your outdated electronic equipment.

Thank You!

Ordinances-Resolutions.

Code of Ordinances
Chapter 84 Article 3

The Fairview Township Police Department is pleased to introduce two new employees to our agency.

On February 3rd, we welcomed our new Administrative Assistant Rachel Black. Rachel comes to Fairview Township after having worked several years for the Harrisburg City Police Department running their Allison Hill substation and playing a central role in organizing their National Night Out Event. Because of her experience in Harrisburg, Rachel was able to hit the ground running and has made a seamless transition in Fairview Township.

On February 14th, we welcomed our newest patrol officer, Ian Clay. Ian came to us from the York City Police where he was a police officer for the previous four years. While at York City, Ian earned his way onto the York County Quick Response Team, which is the equivalent of York County's SWAT team. We were extremely fortunate to have the opportunity to hire somebody with Ian's qualifications and experience. The value isn't just in him being an experienced police officer, but that experience being in York County. That allows for a more streamlined field training program since Ian is already familiar with York County procedures and is already proficient in the use of our records management system.

Both Rachel and Ian have been valuable additions to our department and have already established their talent and ability in the positions they are in.

Join us in welcoming them to Fairview Township!
