REPORTING STREETLIGHT OUTAGES

The Township receives many calls from residents reporting streetlight outages. Streetlights are both installed and maintained by the electric company in your area. Any outages should be reported directly to them. Be prepared to give a street address where the light is located. It is also helpful to them if you can provide the pole number, which is posted on each streetlight. PPL customers, call 1-800-342-5775, press 1, then press 4. MetEd customers, call 1-800-544-4844.

IF A SOLICITOR APPROACHES YOU AT YOUR DOOR:

Residents should ask to see the solicitor's copy of their signed Township solicitation permit. If the solicitor is unable to provide this, please remind them that a permit is required when soliciting in Fairview Township. If at any time, you feel uncomfortable or threatened, please contact the Police Department at (717) 901-5267. It is helpful to give them the name of the organization, time of day/evening and a description of their vehicle, if possible. All active solicitor's permits can be found on the Townships website at www.twp.fairview.pa.us.

DO YOU NEED A BURN PERMIT?

No permit shall be required for any fire for which the sole purpose is to cook food, provided that said fire is confined in a fireproof container or fire pit or contained within a fireproof container used as an outside fireplace.

A special burn permit **IS REQUIRED** for the following: Bonfires, Agricultural Clearing or Land Development.

Stormwater Management

As you clean up your lawn this fall, please do not rake leaves or other debris into storm drains. Only untainted rainwater should flow from your yard into storm drains. Lawn clippings, leaves and other debris often clump, contributing to a larger problem underground in the pipe system.

Even if you only “occasionally” allow grass clippings, leaves and other plants to wash down the drains.....

Multiply your “occasional” by the hundreds of subdivisions and thousands of homes in South Central PA region, and it is easy to see why non-point source pollution is becoming a major concern. The best option, ecologically speaking, is to re-mow your yard several times so the clippings will sink down into the lawn and break down quickly, providing valuable fertilizer.

On-Lot Septic Management

As part of Fairview Township's Act 537 Plan as approved by PA DEP, Chapter 18, Part 6 requires that on-lot septic systems must be pumped at least once every four (4) years. The Township is divided into four (4) septic zones, with Zone 3 due for pumping in 2026. To find out what zone you are located in, please visit the Fairview Township website and locate the Septic Zone map.

As a property owner, you are required to:

- Have your system pumped and inspected by a certified pumping hauler.
- Submit the Septic System Report (Manifest Report) to the Township within 30 days of the pumping.

You can view the full on-lot septic ordinance online at www.twp.fairview.pa.us. Again, if your property is within Zone 3 and your system has been pumped within 4 years, please disregard any correspondence you may receive, as long as the township was copied with your pumping manifest. Any on-lot septic questions or concerns can be directed to Paul Rodrigo by email prodrigo@twp.fairview.pa.us or by phone (717) 901-5298. Please consider this your reminder as the Township will no longer send letters separate from the newsletter.

RECHARGEABLE BATTERIES
In Your Trash Or Recycling Bin!

JUST A REMINDER THAT RECHARGEABLE BATTERIES DO NOT GO IN YOUR CURBSIDE TRASH OR RECYCLING BIN!

Rechargeable batteries are in many of the things we use today. While these batteries are very convenient to use, they are a fire hazard when compacted in a trash truck or compressed in the waste storage pit. Never put rechargeable batteries in your regular trash or recycling bin!

Visit www.ycswa.com/batteries/ for a listing of collection sites for these potentially hazardous batteries. You can also visit www.ycswa.com/hazardous-waste-event/ for more details on rechargeable battery collection at our annual Household Hazardous Waste Collection event.

NOTE: Household alkaline batteries like Eveready, Duracell (AA, AAA, 9-volt, C, or D sizes) can be disposed of in your regular trash.

More information about York County Solid Waste Authority can be found at www.ycswa.com. For questions or concerns call 717-845-1066.

PARATRANSIT DRIVERS ARE THE KEYSTONES OF OUR COMMUNITIES

Most of us rarely think twice about how we'll get to a doctor's appointment, work, the grocery store, or the people we love. But for many of our neighbors, getting there depends on someone else showing up. Every day, rabbittransit, Central Pennsylvania's public transportation organization, provides shared ride (paratransit) service that helps older adults, veterans,

people with disabilities, and others stay connected to their communities and maintain their independence. Behind every ride is a driver. Paratransit drivers are more than a way from one address to another. They are familiar faces, helping hands, and dependable connections to the places that matter. And there is an ongoing need for caring, reliable people willing to fill that important role. For those interested in serving their community while building professional skills, rabbittransit provides free CDL training and opportunities to grow within public transportation. Sometimes, being the keystone of your community starts behind the wheel. Learn more about paratransit and career opportunities at rabbittransit.org/jobs.
